Job Description: We seek a candidate for a 12 month RA position. This study at the cross section between Mechanical Engineering and Computer Science, we will investigate the interactions of high temperature particles with water and subsequent boiling. Multiphase modelling will be performed and a improved version of an existing code will be developed. The aim of this project is to develop a Graphical User Interface add more functionality for the already existing multiphase code. The code is capable of modelling multiple phases and its interaction. Extra functionalities will be added to the existing code to improve its performance and to capture better physics.

The last date for submission of online application is 30.10.2019

General Instructions to the candidates

- 1) All the positions are on purely contract basis.
- 2) The completion of the period of contract will not confer any right for further extension, regularization, permanency at the Institute.
- 3) Candidates should apply online only in the website <https://icandsr.iitm.ac.in/recruitment/> - **(Please check the advertisement number Advt.45/2019 displayed and submit the application for the relevant position).**
- 4) Separate application has to be filled for each post.
- 5) The system will accept single application only with the registered login ID (email) for an advertisement, hence the candidate is requested to select the multiple positions (In case, he/she wishes to apply for more than one position) before the submission of application.
- 6) The application cannot be edited, reverted once it is submitted.
- 7) Candidates should not attempt to apply twice for the same post. If multiple applications are received from a candidate for the same post, his/her candidature will liable to be rejected.
